Fritids banken

HARD TO CHOOSE ONE THING?
CHOOSE EVERYTHING!

Win-win for everyone

Fancy going on that ski-weekend with your friends? Or maybe you want to bring your family on a cycling trip? At Fritidsbanken you can borrow the equipment that you need.

Now you can say yes – you can borrow the equipment you need at a Fritidsbanken near you, giving you the freedom to try new sports and activities.

You get the opportunity to discover and experience the joy of getting active while making a climate-smart choice!

Fritidsbanken is happy when both the individual and the environment is happy – that's a treble win!

ABOUT FRITIDSBANKEN

Fritidsbanken is a not-for-profit organisation which is driven by local and long-term commitment. Since its inception in 2013 it is now established in several places around Sweden.

By collecting and loaning out everything from bicycles and footballs to skis and hockey gear, Fritidsbanken promotes increased

informal sports participation, health and well-being. Fritidsbanken also contributes to a sustainable society by committing to smart reuse and recycling.

That's why Fritidsbanken carries the Avfall-Sverige symbol for being environmentally friendly. This symbol shows that borrowing, storing and reusing promotes more conscious consumption.

At Fritidsbanken you can deposit and loan sports and outdoor equipment. You can be sure that:

- Everything is free of charge
- Everybody can borrow
- Reusing equipment is kind to the environment
